

Civilian Care Referred By MHS Facilities

Chapter 9

V. *Points of Contact*

A. *Service Project Officers*

Each Service will designate a Service Project Officer who will have overall program responsibility to include implementing instructions and training for his/her respective branch of service. The Service Project Officer will be responsible for formally coordinating the implementing instructions with the Director, TMA (AM&S). Each Service Project Officer will be the Service's official point of contact with TMA and the contractor to resolve any overall Service-related matters regarding the program (refer to [Addendum A](#) for the list of Service Project Officers).
